### Classroom and Logistics

Classroom comments (if any)

Student_16740841	This training facility is on the 4th floor of the building. The emergency exit stairwells had the carpeting removed exposing a dirty floor and carpet strips with tacks exposed on every stair. Very unsafe and I will be contacting my employers Safety office.
Student_21976245	Power outage knocked out the computers and heating during the middle of the week. Plus elevator was out the first day and the carpet was taken out in all the stair wells which made it a hazzard.
