### Report Recommendations

#### Interpreting the Report

Below are tips to help you understand the information in the report. For additional information, please click the Help tab above the report.

Summarizes scores from each student for selected question categories and questions; compare and analyze scores for all students that completed evaluations.

Student comments provide additional insight into the scores displayed within the report.

Determine the students' overall perceived value derived specifically from training to proactively manage future training events.

#### Recommended Actions

Below are recommended next steps to take after reviewing the information in this report. Additionally, you'll find links to automatically run complementary reports

for drilling-down further into the data or analyzing the information in another way.

If any learner rated the class much lower than others, and the learner provided an email address, follow up with that person to gather additional feedback regarding the scores. Share that feedback with instructor and course managers as areas for improvement.

If any learner rated the class much higher than others, especially in the areas of job impact or business results, follow up with those learners to gether additional feedback on how they were able to maximize their use of what they learned on the job. Share this feedback with course managers to ensure they share the knowledge with future learners to maximize job impact and business results.

Schedule this report to be emailed automatically to the course and instructor managers on a daily basis so they are able to review performance on a regular basis.

#### Recommended Links

Run the Learner Comments report to review all the qualitative feedback for specific approaches to make the learning more effective and impactful.

Run the Quick Question report to summarize the scale-based and multiple-choice answers for all of the evaluations.

Run the Performance to Goals report to view how these results compared to your goals.
